

# Yuma County HEOC/JIC COVID-19 DAILY UPDATE

3:00 PM, TUESDAY, MAY 4, 2021

\*\*\*\*\*CURRENT SITUATIONAL REPORT\*\*\*\*\*

## Yuma County Public Health District Update

Yuma County Health Officials confirm 9 new cases of COVID-19 and 0 new deaths, bringing the total cases to 37,107, and total deaths to 833. Health officials are conducting contact investigations.

Yuma County Public Health Services District has resumed using the Johnson & Johnson Janssen vaccine. The pause on the J&J vaccine against COVID-19 — which started April 13 after several women out of more than 6 million J&J vaccine recipients developed blood clots— was lifted April 23 after experts at the Centers for Disease Control & Prevention and the U.S. Food & Drug Administration agreed that the benefits of the vaccine substantially outweighed the risks. A federal advisory committee also recommended lifting the pause. The pause also gave experts time to carefully review all available data and conduct a risk-benefit analysis around the use of this vaccine.

A State run vaccination POD (Point of Distribution) is in operation at the Yuma Civic Center in cooperation with YRMC. The POD is providing 8,000 vaccinations per week at this time. The clinic's hours are 7 AM to 8 PM seven days a week.

The POD carries the Pfizer vaccine which is cleared to be given to ages 16 and older. Appointments are available by visiting [podvaccine.azdhs.gov](https://podvaccine.azdhs.gov) or calling 1-844-542-8201. Both the online registration and phone line are available in English and Spanish.

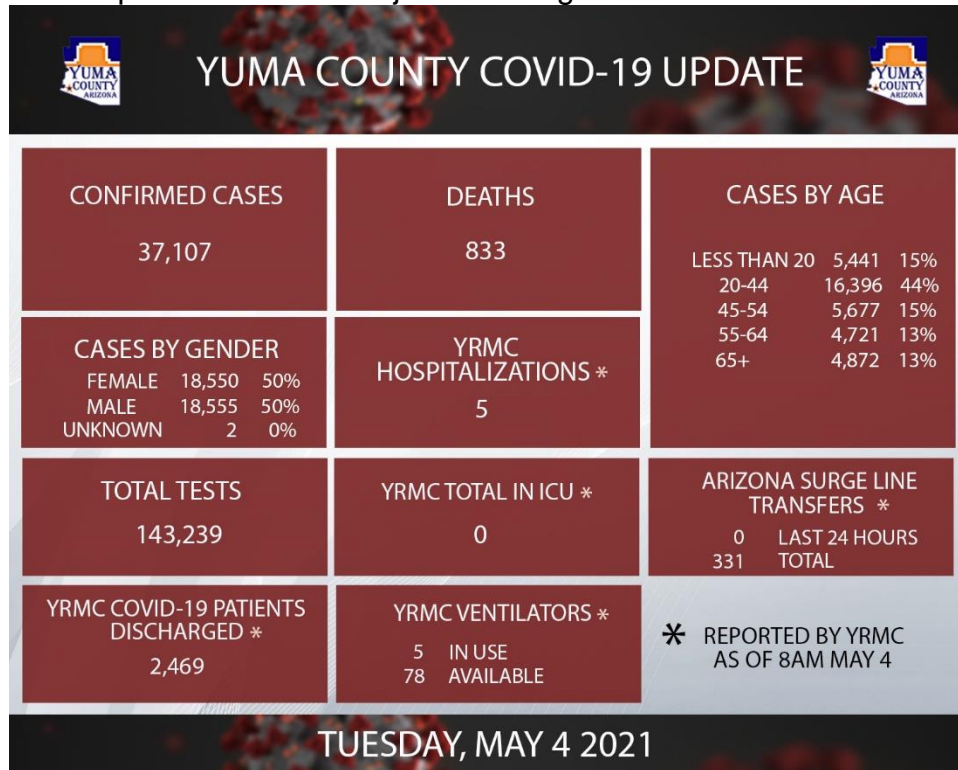

The Yuma County Health District expects to receive additional COVID-19 vaccine this week as part of its continuing effort to work with area partners in administering vaccinations. When doses are received, they will be shared with area providers to accommodate vaccination clinics throughout the County. Please visit the [Arizona Department of Health Services – Vaccine Finder](#) for the most up-to-date information on where vaccine is currently available. The website is updated frequently.

**NOTE:** All new cases of COVID-19 will include any positive cases from Yuma County Correctional Facilities and “Testing Blitz” locations.

- Arizona currently has 865,280 confirmed cases of COVID-19, resulting in 17,355 deaths
- Yuma County currently has 37,107 confirmed cases of COVID-19, resulting in 833 deaths
- Currently 143,239 Yuma County residents have been tested
- Currently 5 Yuma County Residents are hospitalized AS OF 8 am 05/4/21; please note the hospitalization numbers offer an accurate “snapshot” at the time

of our daily update, but numbers may fluctuate throughout the day

### Yuma County COVID-19 Positive Cases

**NOTE:** Recently the UofA Center for Excellence in Desert Agriculture received funding approval from the Yuma County Board of Supervisors for a wastewater (sewer) surveillance program. This would be used as a potential mitigation tool as part of a layered multi-faceted approach to address COVID-19. The public can learn more about this at the [CDC's National Wastewater Surveillance System web page](#).

### **I HAVE RECEIVED MY COVID-19 TEST, NOW WHAT DO I DO?:**

When you can be around others depends on different factors for different situations. By following these steps (follow the link) you can continue to help stop the spread:

Rapid antigen testing available \$25

Rapid antibody testing available \$70

Regular-Send Out Test (PCR) No fee to you with insurance

Regular-Send Out Test (PCR) FREE to you without insurance

### **Question of the Day: Have the COVID vaccines effectively protected older adults in the real world? (Source: Harvard Health Publishing)**

- A small study conducted by the CDC and published in Morbidity and Mortality Weekly Report (MMWR) reports that the two mRNA vaccines (Pfizer/BioNTech and Moderna) have been as effective in older adults in the real world as they were in the clinical trials that led to authorization of their use.
- The MMWR study was based on 417 patients, ages 65 years and older, who were admitted to a hospital for COVID-like symptoms between early January and late March 2021. All study participants were tested for COVID-19 and asked about their COVID vaccination history.
- Researchers compared those who tested positive for COVID-19 and those who had another illness, and also looked at each of the participants' COVID vaccination history. Based on their comparisons and calculations, the researchers found that fully vaccinated people reduce their risk of COVID-related hospitalization by 94%. (Study participants were considered fully vaccinated two weeks after their second dose.) In clinical trials, the vaccines were 95% (Pfizer/BioNTech) and 94.1% (Moderna) effective. Effectiveness dropped to 64% in those who were partially vaccinated (defined as more than 14 days after the first dose, but less than two weeks after the second dose.)

- Importantly, the vaccines did not protect against COVID-related hospitalization during the first two weeks after the first vaccine dose.

Arizona Department of Health Services (ADHS) recent updates can be found on the COVID-19 Reporting Dashboard.

- You can access the [COVID-19 Reporting Dashboard](#)
- You can access the [COVID-19 Cases by Zip Code](#)
- Please take note of new reporting data available on the dashboard:
  - Summary
  - Demographics
  - COVID-19 Deaths
  - Zip Code
  - Confirmed COVID-19 Cases by Day
  - Hospitalization
  - Hospital COVID-like & Influenza-like illness Surveillance
  - Laboratory Testing
  - Congregate Settings with Positive COVID-19 Cases
  - Hospital Bed Usage & Availability
  - Ventilator Usage & Availability
  - Hospital COVID-19 Specific Metrics

### **HOW can YOU get a flu shot in Yuma County?**

The 2020-2021 Seasonal Influenza Vaccine is now available at the Health District, 2200 W. 28th Street in Yuma. Seasonal flu vaccinations are available for all individuals 6 months of age and older. The cost is \$25.00 for adults and \$10.00 for youth 18 years and younger. Medicare Part B, AHCCCS and Private Insurance are accepted upon presentation of card.

Flu vaccine is available BY APPOINTMENT ONLY. Please call: (928)317-4559

Yuma County health officials confirm “moderate spread” of COVID-19 throughout Yuma County. We encourage all residents to take the necessary precautions including physical distancing and staying home if you are sick. Remember to:

- Wash your hands often with soap and water for 20 seconds.
- Avoid touching your face, especially your eyes, nose, and mouth.
- Avoid people who are sick, and avoid groups of 10 people or more.
- Clean and disinfect frequently-touched surfaces like light switches, door knobs, electronic devices, etc.
- Stay home if you are sick so you do not expose others.
- Practice physical distancing, staying 6 feet away from others.
- Cover your mouth and nose with a cloth face cover when around others.

### **JOINT INFORMATION CENTER (JIC) UPDATE**

**NOTE, some of the below information has been updated from previous releases. Please be sure to read all segments.**

## **YUMA COUNTY**

Yuma County Government Offices PUBLIC visitation hours are ([PDF LIST](#)):

County Administration, Human Resources and Financial Services offices at 198 S. Main Street are open to public Monday through Friday from 8:00 a.m. to 5:00 p.m.

The County Assessor, Treasurer, Recorder and Elections Services, located at 197 S. Main Street/192 Maiden Lane, are open to the public Monday through Friday from 8:00 a.m. to 5:00 p.m.

County libraries continue to provide public access based on facility size and staffing to minimize exposure to COVID-19:

- The Main Library, San Luis, Somerton and Foothills Libraries will have metered access based on size and staffing, with a limit on the number of people in the library at one time.
- Heritage, Dateland, Wellton and Roll Libraries will be by appointment only, due to their smaller staffing.
- Please visit the [Library's website](#) for more information on hours and available services.

## **CITY OF YUMA**

City Hall is open 7:00 a.m. to 5:00 p.m. Mondays through Thursdays. Face masks are required. Patrons should please use the marked social distance spacing in customer service areas.

To honor our healthcare workers and the sacrifices they make, the City of Yuma has launched [Adopt-a-Nurse Yuma](#), an initiative to pool local resources to provide meals and other encouragement efforts for our city's healthcare workers. Yumans can participate by making a donation, or dropping off a thank-you, Christmas or holiday card. Residents can also simply reach out to an acquaintance in the healthcare field to thank them for the work they are doing on behalf of our entire region. Individuals, businesses, and community organizations interested in supporting the initiative are encouraged to contact Arlyn Galaviz at [arlyn.galaviz@yumaaz.gov](mailto:arlyn.galaviz@yumaaz.gov).

## **Marine Corps Air Station - Yuma**

Effective 04 September, the Trusted Traveler Program has been reinstated. Visitors without a CAC or DOD identification will be allowed to enter with a sponsor. Visitors will be required to provide justification for needing access to the installation and granted access to the base with someone who has a CAC or DOD identification card who will be sponsoring/escorting them aboard the base.

Under the program, sponsors and/or guests may be subject to a background check.

Safety measures are still required by MCAS Yuma in order to help stop the spread of COVID-19.

## **YUMA PROVING GROUND**

Although certain access restrictions directed by the Department of the Army are in place, Yuma Proving Ground's essential test mission in support of Army modernization priorities continues. Access to Yuma Proving Ground is currently restricted to the following:

- \* YPG residents, including Travel Camp residents
- \* YPG employees
- \* Civilian contractors who work at YPG
- \* Other personnel who come to YPG for an authorized purpose (including personnel on official orders to YPG, DoD retirees/ID card holders, and delivery drivers)

PUBLIC is urged to follow on [FACEBOOK](#) & [TWITTER](#) as well as sign up for [Yuma County eNOTIFICATIONS](#)
